THE RULES, DEMOLISHED.

**RENEGADE® ES 300i**
The 300A/TKG machine that's made to move

A compact but stout 33-pound unit, Renegade ES 300i is a groundbreaking combination of portability and power. The machine handles single- and three- phase power from 230V to 480V automatically, and puts out 30 to 300 amps for Stick and 3 to 300 amps for TIG.

**CUTMASTER® 60i**
The new frontier in plasma

The perfect combination of end-user insight; advanced technology; and intelligent design, the all-new Thermal Dynamics Cutmaster 60i is second to none. It’s the most powerful cutter in its class and has the power and performance to crush even the most demanding jobs.

**REBEL® EMP & EM 235ic**
The bigger, badder, more powerful Rebel

When it comes to getting around and getting work done, Rebel EMP is your go-to partner. Its power and performance are second to none, making it the most versatile and popular Rebel EMP system.

**REBEL EM, EMS & EMP 215ic**
Now available in MIG/Fluxcored and MIG-only systems

Everyone’s favorite true multi-process machine of 2017 is back with an encore, as the Rebel EM 215ic (MIG only) for mobility and flux applications and the Rebel EM 215ic (MIG only) for dedicated MIG performance are on shelves now (three machines on right).

**EDGE® SERIES 2.0**
Next-generation high-capacity regulator

ESAB’s breakthrough 2017 releases are here and redefining what’s possible in welding and cutting. Consider yourself warned, and head to booth N4529 for a chance to win a machine a day.

**SENTINEL® A50**
The cutting-edge helmet that’s worn by the best

This best welders deserve the best equipment. And when it comes to choosing a helmet, Sentinel is it – with ergonomic headgear, supreme comfort, intuitive controls, and crystal-clear visibility.

GET CONNECTED
Your Smart Factory

Maximum productivity starts with equipment that performs quickly, accurately and efficiently, but that’s just the beginning. In today’s short-run environment, information flow is as critical as equipment performance. TRUMPF is leading the way with innovative solutions that keep information and processes connected like never before. At FABTECH, we will demonstrate how connected processes and information flow can work together. While you are visiting the TRUMPF booth, reviewing our industry-leading products and services, order a customized product that you can follow throughout each step of production. We are confident you will be convinced that getting connected will provide you with the competitive edge you need.

Game Changer

OPTIPLEX 3015 DDL revolutionary technology changes the game

- OPTIPLEX DDL delivers faster cutting speeds than fiber generators of like power
- Wall-plug efficiencies of 45 percent as compared to 35 percent for fiber
- New Preview G control and drive package

Visit www.mazakoptonics.com or call 847.252.4500 for an exclusive TEST DRIVE.

It’s your move.
# HOW TO USE THE ON-SITE GUIDE & DIRECTORY

The show directory is divided into several tabbed sections to make it easy for you to find whatever you need while visiting FABTECH at the Las Vegas Convention Center in Nevada.

## GENERAL INFORMATION

Beginning on page 6, find information on attendee event services such as baggage check, first aid, lost and found, and hotel shuttle information.

## EDUCATIONAL PROGRAMS & SPECIAL EVENTS

Starting on page 14, preview schedules and room locations for the FABTECH Education Program including seminars, technical conferences and professional programs for the 2016 event. In addition, turn to pages 22-24 to find a schedule of Special Events occurring at FABTECH 2016.

## NEW PRODUCTS

The first tabbed section found on page 28, contains information about new products and technologies introduced at the show. Take the opportunity to review the products provided, and stop by the exhibits to see the products live and in action!

## EXHIBITOR LIST

The second tabbed section found on page 43, is an alphabetical listing of exhibitors who are showcasing their equipment. This includes important exhibitor contact information that can be used as a resource when you return to your office. Exhibitor List is current as of 10/14/2016.

## PRODUCT CATEGORIES

The third tabbed section found on page 107, provides a list of exhibitors by specific technology or type of equipment displayed in their booths. Use this section as a quick index to compare equipment at the show.

## EXHIBIT FLOOR PLAN

The fourth and final tabbed section found after page 162, is a visual representation of the exhibitor booth locations, including an alphabetical list of all exhibitors represented in the show. There are two maps, one for exhibitors located in the North Hall and one for exhibitors located in the Central Hall.

ABOUT THE SHOW
FABTECH is the largest metal forming, fabricating, welding, tube & pipe, and finishing event in North America. The event exists to bring buyers and sellers together in a convenient venue that facilitates business relationships, networking, education, and the buying process. This premier industry trade show and conference is cosponsored by the American Welding Society (AWS), the Fabricators and Manufacturers Association, International (FMA), SME, the Precision Metalforming Association (PMA) and the Chemical Coaters Association International (CCAI).

Show Registration
On-site registration is located in the Central Hall Ballroom (Rooms N109-N112) and North Hall Lobby. Anyone who will be attending the exposition MUST register to receive a badge to be admitted to the show. Admission to the exposition is FREE for AWS, FMA, SME, PMA and CCAI members and $50 for non-members. Student admission is FREE for members and is $5 for non-members. No one under the age of 16 will be admitted, and proof of age may be required.

A LUNCH INTERRUPTED AND A COMMITMENT KEPT
IN AN INSTANT, DAN PARK REALIZED THE VALUE OF HIS CNA INSURANCE POLICY

Dan picked up the phone and then dropped his fork. The supplier he was counting on for the materials he needed to meet a client’s deadline was not able to deliver on time due to a fire in his plant. That’s when Dan remembered he had dependent property coverage as part of his policy with CNA. After a quick review of his supply chain plan, specially built for him with his independent agent and CNA experts, Dan was able to call a new source for the materials, and CNA even picked up the cost to expedite shipment, allowing Dan to meet his client obligations without leaving his chair. Enjoy your lunch, Dan.

When it comes to helping FMA members keep their supply chain flowing … we can show you more.*

Visit us at Booth #C21022.

To learn more about our broad portfolio of insurance products and services for metal manufacturers, visit www.cna.com/fma.
**ATMs**
ATMs are located in the Grand Concourse outside Central Hall.

**Badge Pick Up**
Badges can be picked up in the Central Hall Ballroom and North Hall Lobby registration.

**Hours of Operation:**
- Weds., Nov. 16 ... 7:00 AM – 5:00 PM
- Thurs., Nov. 17 .... 7:30 AM – 4:00 PM
- Fri., Nov. 18 ........... 7:30 AM – 3:00 PM

**Badge Corrections**
Badge corrections can be made at registration in the Central Hall Ballroom or the North Hall Lobby.

**Baggage Check/Coat Check**
Baggage and coat check is located in the Central Hall Lobby – Next to FedEx Office; $3 per piece.

**Hours of Operation:**
- Weds., Nov. 16 .... 7:30 AM – 6:30 PM
- Thurs., Nov. 17 .... 7:30 AM – 6:30 PM
- Fri., Nov. 18 ........... 7:30 AM – 5:00 PM

**Business Center**
The FedEx business center is located in the Central Hall Lobby; 8:00 AM – 6:00 PM; call 702-732-2898 for further information.

**Disability Services**
LVCC is a wheelchair-accessible complex and follows all regulations required by the Americans with Disabilities Act (ADA). If a motorized wheelchair is required during FABTECH, call Scootaround at 1-888-441-7575.

**Emergency Services (Fire, Medical, Police)**
Central Hall Lobby next to the FedEx Office. Call 911. In-house, you may call 702-892-7400.

**First Aid**
First Aid is located in the Central Hall Lobby (next to FedEx office). Hours: 11/7-11/22; 8:00 AM – 5:00 PM each day.

**Lost and Found**
Lost items are typically turned in to Security, Room N118, or the Show Office, Room N245. Please check both locations to retrieve lost items.

**Media Center**
The Media Center is located in Room N115.

**Offsite Restaurant Reservations**
Book your reservations before you leave the show floor. The restaurant reservation counter is located in the Central Hall Lobby.

**Security**
Security is located in Room N118 (next to FedEx in the Central Hall Lobby).

**VIP Attendee Lounge**
The VIP Lounge is located in Room N116-N117 and is open to those individuals that have a VIP status on their badge.

**Hours of Operation:**
- Weds., Nov. 16 ... 9:00 AM – 6:00 PM
- Thurs., Nov. 17 .... 8:00 AM – 5:00 PM
- Fri., Nov. 18 ......... 8:00 AM – 4:00 PM

**WiFi**
Free WiFi access is only available in common areas, lobbies and meeting rooms of the Las Vegas Convention Center.

### HOW TO LOCATE EXHIBITORS ON THE SHOW FLOOR

**Exhibitor Booths**
The show encompasses both the North and Central Halls at the Las Vegas Convention Center. The exhibitor booths are arranged primarily in five (5) technology areas. Overhead signs are displayed throughout the show floor to indicate each technology area, making it convenient for you to find and compare the products and services that you are interested in. In addition, the directory includes floor plans which are color-coded by these seven technology areas:

- **Green:** Forming & Fabricating
- **Orange:** Metal Forming, Tool/Die
- **Purple:** Finishing
- **Blue:** Tube & Pipe
- **Red:** Welding

**New Products**
Each year hundreds of new products debut at FABTECH. You will find that each exhibitor with a new product on display is noted with a light bulb at their booth. In addition, you can look for this icon in front of their name in the Exhibitor List section of this directory and on the exhibitor Floor Plan. You can also find new product information in the tabbed New Product section of this directory starting on page 28.

**Exhibitors by Product Listings**
You can refer to the Product Categories tabbed section of the directory to find companies listed by the products and services they provide. Here you will find over 450 individual product categories with exhibitor name and booth number listed below each category.
FABTECH Bistro
Located in the North Hall, in Room N250. The Bistro is reserved seating for individuals that have pre-paid in advance. Any on-site tickets can be ordered and picked up at the FABTECH Bistro Counter located in the Central Hall Lobby. Bistro Hours are 11:00 AM – 2:30 PM during show days.
Additional dining locations are located inside and outside the North and Central Halls (see a list of options below). Look for the on the floor plan within this directory for specific locations.

About the Show Co-Sponsors

FABTECH is cosponsored by five leading industry associations; the American Welding Society (AWS), the Fabricators and Manufacturers Association, International® (FMA), SME, the Precision Metalforming Association (PMA) and the Chemical Coaters Association International (CCAI).

The American Welding Society (AWS) was founded in 1919 as a multifaceted, nonprofit organization with a mission to advance the science, technology and application of welding and allied joining and cutting processes, including brazing, soldering, and thermal spraying. Headquartered in Doral, Florida and led by a volunteer organization of officers and directors, AWS serves more than about 70,000 members worldwide and is composed of 22 Districts with 250 sections and student chapters.

FMA is the Fabricators & Manufacturers Association, International® (FMA), the professional association of officers and directors, AWS serves more than about 70,000 organization with a

Based in Rockford, Ill., the Fabricators & Manufacturers Association International is a professional organization reaching more than 135,000 industry professionals world-wide focused on improving the metal forming and fabricating industry. Founded in 1970, FMA brings metal fabricators and fabricating equipment manufacturers together through technology councils, educational programs, networking events, award-winning magazines and co-sponsorship of FABTECH. FMA has a technology affiliate, the Tube & Pipe Association, International (TPA), which focuses on the unique needs of companies engaged in tube and pipe producing and fabricating. Nuts, Bolts & Thingamajigs™ is the charitable foundation of FMA. Visit www.fmanet.org for more information.

SME connects all those who are passionate about making things that improve our world. As a nonprofit organization, SME has served practitioners, companies, educators, government and communities across the manufacturing spectrum for more than 80 years. Through its strategic areas of events, media, membership, training and development, and the SME Education Foundation, SME is uniquely dedicated to the advancement of manufacturing by addressing both knowledge and skill needs for the industry. The Precision Metalforming Association is the full-service trade association representing the $113-billion metalforming industry of North America—the industry that creates precision metal products using stamping, fabricating, spinning, slide forming and roll forming technologies, and other value-added processes. Its nearly 1,000 member companies also include suppliers of equipment, materials and services to the industry. PMA leads innovative member companies toward superior competitiveness and profitability through advocacy, networking, statistics, the PMA Educational Foundation, FABTECH and METALFORM tradeshows, and MetalForming magazine.

PMA Booth: C20000

The Chemical Coaters Association International is a technical and professional organization that provides information and training on surface coating technologies. CCAI’s foundation is its series of active local chapters across the U.S. that conduct technical meetings on all aspects of organic finishing. Chapters serve as an excellent forum to discuss regional concerns while offering outstanding networking opportunities for finishers and suppliers. CCAI works to raise the standards of finishing operations through educational meetings and seminars, training manuals, certification programs, and outreach programs with colleges and universities.

EXHIBITOR ADVISORY COMMITTEE

The FABTECH Exhibitor Advisory Council (EAC) was established to provide show management with industry input and feedback on tradeshow issues. The group meets annually, during the show, and communicates throughout the year. All exhibitors are encouraged to contact EAC members or show management with ideas, feedback, and concerns. The EAC is comprised of experienced personnel from exhibiting firms representing each of the five show technology areas.

EDUCATION PROGRAM

The Fabricators & Manufacturers Association, Int’l (FMA), SME, Precision Metalforming Association (PMA), and Chemical Coaters Association International (CCAI), co-sponsor the sessions on additive manufacturing, automation, cutting, finishing, forming & fabricating, job shop solutions, lasers, lean, management, stamping, tube & pipe, and workforce development. All sessions offer practical knowledge you can use right away. Sessions with Tech Tours combine classroom instruction followed by expert-led guided tours on the show floor to see technology operating in designated booths.

The American Welding Society (AWS) presents a comprehensive lineup of welding education. Led by the industry’s top professionals, programs focus on best practices and new commercial developments in welding and thermal spray. Events include conferences, seminars, RWMA Resistance Welding School, professional program, and society events.

FABTECH (FMA, SME, PMA, CCAI) Conference Headquarters: Room N217-N218
All FABTECH Conference sessions are taking place in the N200 level meeting rooms.

AWS Conference Headquarters: Room N263C
AWS Conference sessions are located on the N200 Levels.

Note: AWS board meetings take place at the Westgate Las Vegas Resort & Casino. Visit AWS Conference HQ for more details.

Continuing Education Credits
Individuals who attend AWS education programs are awarded 1 PDH (Professional Development Hour) for each hour of education program attendance. Individuals seeking FMA Recertification Credits will be awarded two credits for each conference session attended (forming & fabricating, cutting, or finishing tracks) plus an additional 2 credits for attending the show. Individuals who attend SME education programs may be eligible to receive one credit per hour attended toward their SME-managed recertification requirements.

Tax Deduction
An income tax deduction may be allowed for expenses of education (including registration fees, travel, lodging, and meals) undertaken to maintain and improve professional skills (Treas Reg Sec 1 162-5) Contact your tax consultant for additional details.

b Non-Member Student Professional Program price includes a one-year AWS Student Membership.

**CONFERENCE CANCELLATION POLICY:** Cancellations are non-refundable. Substitutions allowed.
LVCC MEETING ROOMS

HOW TO LOCATE SESSIONS

- Use the Schedule-at-a-Glance on pages 18-20 to get a quick preview of all the programs offered at the 2016 event. Programs are grouped within twelve tracks: Finishing, Cutting, Laser, Lean, Additive Manufacturing, Workforce Development, Management, Job Shop Solutions, Automation, Forming & Fabricating, Stamping, and Welding.

- Review the Floor Plan Layout on this page for a visual overview of the meeting rooms where all the FABTECH education and professional events take place.

### SCHEDULE-AT-A-GLANCE

**Wednesday, November 16**

**GENERAL INFORMATION**

**FABTECH EDUCATION PROGRAM**

**WELDING**

- **SEMINARS**
  - **W10:** D11 - Code Clinic • Room N258
  - **W11:** Crash Course of Welding Inspection Technology Seminar (WIT) • Room N259
  - **W12:** D171 - Code Clinic • Room N234
  - **W13:** The Why and How of Welding Procedure Specifications • Beginner • Room N233
  - **W14:** The Why and How of Welding Procedure Specifications • Advanced • Room N233
  - **W15:** The Why and How of Welding Procedure Specifications • Both • Room N233
  - **W16:** ASME Section IX, B31.1 & B31.3 Code Clinic – Day 1 • Room N237

- **CONFERENCES**
  - **W25:** Destructive and Non-Destructive Testing Conference • Room N260
  - **W26:** Thermal Spray Coatings – FREE • Room N231
  - **W27:** So You’re the New Welding Engineer – Day 1 • Room N261

- **PROFESSIONAL PROGRAM**
  - **W31:** Session 1: Welding Metallurgy & Weldability Session A • Room N238
  - **Session 2:** Modelling • Room N240
  - **Session 3:** Arc Welding • Room N242

- **EDUCATIONAL SESSIONS**
  - **W36:** National Center for Welding Education and Training, Weld-Ed • Room N264

- **SPECIAL PROGRAMS**
  - **W38:** AWS Prayer Breakfast • Room N256
  - **W39:** 40th International Brazing and Soldering Symposium – FREE • Room N235
  - **Welders Without Borders:** Welding Thunder Team Fabrication Competition • Silver Parking Lot

## EXPERIENCE LEVELS

Use this key along with the Conference-at-a-Glance to find the education that meets your needs.

- **Basic** – Recommended for the attendee who is new to the industry or needs a refresher on the topic.
- **Intermediate** – Designed for the attendee who already has a basic understanding of the subject matter.
- **Advanced** – For the attendee with several years of experience who is seeking more in-depth information.
POWERED BY MANUFACTURING
ENERGIZED BY PEOPLE

We are...
A professional educational association for individuals, companies, schools, and students

Publisher: the fabricator
Co-sponsor: FABTECH
Co-producer: MFG DAY
Plus: NUTS, BOLTS & THINGAMAJIGS

You belong here.

info@fmanet.org • 888-394-4362
SPECIAL EVENTS
Free and Open to All Attendees Unless Otherwise Noted

WEDNESDAY, NOVEMBER 16

OPENING KEYNOTE:

THE POWER TO WIN!

Speaker: Sugar Ray Leonard
Location: FABTECH Theater, Central Hall Lobby
Time: 9:00 - 10:00 AM
Boxing Legend, Successful Entrepreneur and Author, The Big Fight: My Life in and Out of the Ring, Sugar Ray Leonard shows us how to achieve greatness by setting our fears of the unknown aside with preparation, focus, discipline, determination and the right attitude. Using real-life stories, his message motivates audiences to be the best they can be.

Sponsored by: MITSUBISHI LASER

FEATURED EXPERT PANEL SESSION

STATE OF THE INDUSTRY: POST-ELECTION ANALYSIS

Location: FABTECH Theater, Central Hall Lobby
Time: 12:30 - 1:30 PM
Our expert panel will review the 2016 election results and discuss the impact on the manufacturing industry and the business climate for capital investment, tax updates, and what it means to your business. At stake in this election is not only the White House and Congress, but control of the U.S. Supreme Court, which will decide many controversial rules long after President Obama leaves office. What does the government have in store for you in 2017?

Moderator: William Gaskin, President, Precision Metalforming Association
Panel: Chris Kuehl, Managing Director, Armada Corporate Intelligence
Ned Monroe, Senior VP External Relations, National Association of Manufacturers
Omar S. Nashashibi, Partner, The Franklin Partnership, LLP

WELDERS WITHOUT BORDERS:
WELDING THUNDER TEAM FABRICATION COMPETITION

Location: Silver Lot
November 16: 9:00 AM - 5:00 PM
November 17: 7:00 AM - 1:00 PM
The 2016 Welding Thunder Team Fabrication Competition will be the event of the year for college and high school welding student fabricators. Students will compete to weld and cook off of their fabrication project for judges as required. Awards will be given to the teams with the most accurate fabrication project as determined by judges.
SPECIAL EVENTS
Free and Open to All Attendees Unless Otherwise Noted

THURSDAY, NOVEMBER 17

WOMEN OF FABTECH BREAKFAST WITH TECH TOUR
Speaker: Jennifer Cipolla, Center for Additive Technology Advancement, GE
Location: Room N101
Time: 7:30 – 10:30 AM
Join us for a networking breakfast celebrating the importance of women in the manufacturing sector. This event aims to foster relationships and dialogue between supporters and practitioners in the field. Includes a continental breakfast and tech tour on the show floor. Price: $15.

FEATURED EXPERT PANEL SESSIONS

DEVELOPMENT TRENDS IN ADDITIVE MANUFACTURING AND 3D PRINTING
Location: FABTECH Theater, Central Hall Lobby
Time: 8:30 – 9:30 AM
Our panel of experts will explore the technology and materials driving practical solutions and innovations using 3D printing. The manufacturing environment is demanding more customization and faster solutions. Using available and affordable additive manufacturing technologies can increase manufacturing efficiencies of complex products, improve performance, decrease cost and reduce waste. The expert panel will take questions and provide answers; based on real world case studies.

Moderator: Carl Dekker, President, Met-L-Flo, Inc.
Panel: Chris Kuehl, Managing Director, Armada Corporate Intelligence
Ned Monroe, Senior VP External Relations, National Association of Manufacturers
Omar S. Nashashibi, Partner, The Franklin Partnership, LLP
Sponsored by: AMazing

ADVANCED MANUFACTURING: CREATING COMPETITIVE ADVANTAGES FOR FABRICATORS
Location: FABTECH Theater, Central Hall Lobby
Time: 12:30 – 1:30 PM
This expert panel will discuss what it takes to remain competitive in today’s environment and to succeed in the future of making things. Advanced manufacturing is high productivity, high profit, high wage, technology rich, and relatively high value added fabrication of globally competitive products that creates wealth and builds and sustains communities. Whether it be innovation, new technologies, design or educating the workforce, advanced manufacturing is the next industrial revolution to improve products or process.

Moderator: Dave O’Neil, Vice President, Advanced Manufacturing Media, SME
Panel: Diego Tamburini, Manufacturing Industry Strategist, Autodesk
Jerry Foster, CTO, Plex Systems
Lonnie Love, Group Leader, Oak Ridge National Laboratory Manufacturing Demonstration Facility
Sponsored by: Plex

NETWORKING EVENT

HAPPY HOUR
Location: Exhibit Halls
Time: 3:00 - 5:00 PM
Mix and mingle with other attendees and exhibitors during Happy Hour. Held on the exhibit hall floor, Happy Hour is a great way to network with peers in a relaxed, entertaining environment while perusing the technology in exhibitor booths. Complimentary beverage ticket included with event registration.
SPECIAL EVENTS

FRIDAY, NOVEMBER 18

RUN4MFG 5K RUN/WALK
Location: Town Square Las Vegas, 6605 Las Vegas Blvd.
Registration Opens: 6:30 AM | 5K Start Time: 7:00 AM
Join FABTECH at the 4th RUN4MFG 5K and show your support for the future of manufacturing! Run or walk this 3.1 mile course route through Town Square Las Vegas on the south end of the famed Las Vegas Strip. It’s a great way to meet up with FABTECH attendees and exhibitors while supporting a worthy cause.
Cost: $50 includes FABTECH 2016 RUN4MFG T-shirt

FRIDAY, NOVEMBER 18

SHOP TALK WITH COUNTING CARS
Location: FABTECH Theater, Central Hall Lobby
Time: 9:00–10:00 AM
From the hit reality series Counting Cars, show stars Kevin Mack and “Horny” Mike Henry will be at FABTECH to talk shop with attendees, meet with fans, sign autographs and take pictures. Stop by and get to know the guys who build cool cars and bikes at Las Vegas-based custom chopper and hot rod dealer Count’s Kustoms.

Introducing the World’s Most Advanced Split-Frame Machining System

TRIMAX™
It’s Never Been Easier to Get Maximum SAFETY, PERFORMANCE and PRECISION

“A truly remarkable achievement. The state-of-the-art recirculating bearing and “zero pinch-point” internal tripper design is a game-changer in terms of operator safety, stability and outstanding cutting results.”

See it run at FABTECH Booth N5916

41 916-288-6100 • (US) 888-345-5015 • www.tritool.com

SPECIAL EVENTS
Whether you’re flying over the desert, cruising down the Strip, exploring FABTECH or playing the slots, you’re surrounded by products that were created by manufacturers.

The value of manufacturing is its impact on everyday life.

For more examples of the value of manufacturing, follow us @SME_mfg on Twitter, visit us at Facebook.com/SMEmfg, or go to sme.org.

Salvagnini P1 Panel Benders

Easy to Own

The P1 is Salvagnini’s newest panel bender especially designed for highly profitable batch production. The P1 is characterized by:

- High value
- Low cost
- All electric
- Increased parts per man-hour
- Ease of operation — typical of Salvagnini
- Ease of programming using Salvagnini software
- Precision parts with unmatched dimensional accuracy

And all this for a price you won’t believe!

Easy to purchase. Easy to operate. Easy to own. Contact Salvagnini today. The P1 panel bender is one machine no shop should be without.

Make it Easy. Make it a Salvagnini.

For more information, visit www.salvagnini.com
The LC5 Fiber Laser for Tube & Sheet is the only fiber laser production machine tool that can process tube and flat sheet, all in one machine. Thanks to its design, switching from tube to sheet is immediate, automatic and does not require retooling. Changeover with the LC5 is fast, making it a production workhorse.

The machine can handle tube up to 334" in length, and 4.75" in diameter. The processing of sheet metal is fully automatic and allows for sheet up to 78" x 236".

Equipped with a fiber laser with power to 5 kW, an automatic pellet changer, independent controls for both tube and sheet—the LC5 is an ideal choice for tube and sheet processing.

CNC Plasma

AJAN Plasma produces high-tech metal working machinery at affordable prices, with reliable after-sales service for thousands of customers worldwide.

Automatic beveling: The optional AJAN 5-axis bevel head creates a variety of weld-prep profiles at up to 600”/min!

Pipe-cutting: The optional CNC pipe cutting attachment gives you full pipe processing capabilities on pipes up to 24” in diameter.

**LYNN WELDING**

Welding • Machining • Fabrication

- NADCAP approved for Fusion Welding, Resistance Welding and Brazing
- Not only can we weld your parts, but we can make them complete with our full machining, CNC, and fabrication departments
- Approved by many top aerospace manufacturers – a partial list includes Pratt & Whitney, Sikorsky, Hamilton Sundstrand, Boeing, General Dynamics, Bell Helicopter

Visit [LynnWelding.com](http://LynnWelding.com) to discuss your project

Fladder®
Flexible, effective, fast
Automatic, oscillating deburring system for stainless, aluminum and other materials.

Deburring of punched, laser cut and machined pieces

- No critical heating of the surface
- No destruction of protective foil
- Rounding edges without damage to the surface
- Deburring of 3 dimensional pieces is possible

Dry, Oscillating Deburring Technique

Engineered by Amada

At FABTECH 2016, Amada will showcase advanced automated systems and combined process technologies — engineered to maximize your efficiency, quality and profitability. Visit Amada in Las Vegas to witness the North American debut of three innovative machine solutions. The 9kW LCG 3015 AJ fiber laser with automated material handling and the HG 2204 ATC press brake equipped with a patented Automatic Tool Changer will be featured at booth C29037. In addition, the new HG 1303 RM robotic bending system will demonstrate automated bending of large parts (via live feed from the Schaumburg, IL Solution Center). All three of these leading-edge solutions achieve unprecedented levels of productivity and repeatable accuracy.

You’ll also experience the EG 6013 AR — the ideal automated bending solution for small, complex parts and the latest advances in punch/fiber laser combination technology highlighted in the LC 2515 C1 AJ. Amada has engineered Process Range Expansion into each of its innovative fabricating systems. For example, the C1 AJ allows you to cut, punch, form and tap on a single machine. Don’t miss this opportunity to verify for yourself how Amada’s advanced automation for multiple processes will enable you to:

- Increase productivity and profitability
- Achieve Process Range Expansion while reducing secondary operations
- Seamlessly handle rush jobs and high-mix/low-volume production
- Substantially reduce lead times and costs

Regardless of your specific manufacturing challenge, Amada has engineered the optimal solution to ensure your green light stays on.

CUSTOM-DESIGNED RACKING SOLUTIONS ENGINEERED TO MAXIMIZE YOUR FINISHING LINE.  
That’s the Magic Rack® difference. Our personal approach to providing unique solutions that  
make optimum use of rack space is what has made us the industry leader in custom finishing  
solutions for over 30 years.  
Whether we visit your facility, or you send us your part for analysis, our goal is to provide  
the best racking solution to improve your production efficiencies and reduce operating costs.  
RACKING UP SOLUTIONS

Contact us today to discuss how our exclusive Magic Rack® 9-Step Analysis process and  
unique patented racking technology can solve your most challenging finishing needs.

We are really passionate about surfaces! Let us show you how advanced coating solutions will lower your costs and improve efficiency by maximizing the performance, service life and reliability of your tools, components and systems.

Oerlikon Balzers
Advanced coatings and services for optimal wear protection of your punching and forming tools:
- PVD
- PACVD
- BALITHERM PRIMEFORM
- Polishing
- Global Services

Oerlikon Metco
Globally available coating materials, application technologies and coating services for:
- Thermal Spray
- Laser Cladding and PTA
- Brazing
- Weld Hardface
- Additive Manufacturing

Ready to become passionate about your surfaces?
Talk to us at Booth C20053.

AWS MEMBERSHIP
Join 70,000+ Members who receive substantial AWS Members’ only discount and benefits.

AWS CERTIFICATION
One of the most effective ways for welding professionals to advance is through specialized certifications.

AWS EDUCATION
We serve as the one-stop resource for up-to-date learning on all aspects of welding and related processes.

AWS WELDING JOURNAL
12 issues dedicated to providing readers the latest news of the welding and metal fabricating industry.

AWS FOUNDATION
AWS Foundation supports welding education; offering multiple scholarships and awards for students and educators studying welding, welding engineering and materials science at the post-secondary and graduate level.

SHOW SPECIAL
Come by our booth to get your free gift when you join AWS or renew your AWS membership. Plus, join or renew for two-years or more and you’ll automatically be entered in a raffle for VISA gift cards. Receive one raffle entry for each year you join or renew.

Visit these AWS Booths at FABTECH 2016

FABTECH BOOTH N4529

EXPERIENCE MORE AT ESAB.

DISCOVER THE POWER OF WELDCL OUD™ AND THE ALL-NEW CUTC L OUD™
and learn how these online data management systems can maximize your productivity.

WITNESS HOW ESAB’S UNIQUE ROBOTIC WELDING SOLUTIONS OFFER TOTAL SYSTEM PERFORMANCE.

EXPLORE THE NEW i-SERIES™ SYSTEMS – the next generation of high-precision automated plasma cutting.

Don’t miss out on the newest advances in:
- MANUAL WELDING and CUTTING
- AUTOMATED WELDING and CUTTING
- FILLER METALS
All from the industry’s strongest brands.

Start your experience now. Learn more at esab.com/fabtech2016.

CRUSH YOUR PERCEPTION of what’s possible in welding and cutting and get a sneak peek of ESAB’s breakthrough 2017 product introductions.

MACRODYLYNE
Hydraulic Presses & Automation

Precision, Power and Performance
Get the job done right the first time, every time.
Contact us now to learn more about our wide range of highly productive custom hydraulic presses up to 20,000 tons and die handling equipment for dies weighing up to 100+ tons.

- Metalforming Presses
- Hot Stamping Presses
- Hot & Cold Forging Presses
- Spotting & Tryout Presses
- Deep Draw Presses

HYDRAULIC PRESSES
PRESS LINES & DIE HANDLING EQUIPMENT

I need 5,000 flangeless plugs to precisely mask threaded port holes. They must be easy to install and remove, and withstand extreme temperatures up to 500°F.

Now that Caplugs owns Shercon, you can get all of your masking and protection products from one source. This comprehensive masking line includes caps, plugs, tapes, die-cuts, hooks, racks and other parts, to securely protect your products during any finishing process. Designed to help minimize inconsistencies and prevent product returns, our precision solutions can lower costs and improve productivity.

Choose from over 6,000 standard masking products that are in stock and ready to ship today. For custom masking requirements, work with our team of in-house design engineers to develop a part to meet your specific needs.

www.caplugs.com/masking | 1.888.CAPPLUGS
Mitsubishi Laser is introducing our latest eX laser with ZOOM Head technology in BOOTH #C39033.

If you want to see a faster and more powerful Fiber Laser, ZOOM over today! Our all in one ZOOM Fiber head design allows our ZOOM series to be the most versatile laser cutting machines available.

MC Machinery's product line includes Laser, Milling, Press Brake, Turning, EDM, and Additive Machines.

To learn more, call 866-994-7856 or visit www.mcmachinery.com

**Put your facility in the best light**

We all know that seeing the details is key. This is why your facility needs to have the best lighting available for better productivity, less margin of error, and for energy savings. Service Lamp has been helping warehouses and manufacturing facilities improve the quality of lighting since 1975. We can help you determine what is best for your facility, because we know how to light your business.

CALLING ALL INDUSTRIAL FINISHING PROFESSIONALS:

CCAI is YOUR Resource for Education & Networking in the Finishing Industry

CHAPTERS
More than a dozen local/regional chapters offer:
› Technical Presentations
› Plant Tours
› Networking Events
› Multi-day Symposiums
www.ccaiweb.com/chapters

TRAINING
› Hands-on Workshops
› Online Training Videos
› Printed Training Manuals
› Scholarship & Internship Programs
www.ccaiweb.com, then click on EDUCATION

FABTECH
› More than 175 Finishing Exhibitors
› 30+ Hours of Finishing Conference Programming
www.ccaiweb.com/FABTECH

Join now at CCAIWEB.com!

Chemical Coaters Association International
Visit Us at Booth C45043
5040 Old Taylor Mill Rd., PMB 13
Taylor Mill, KY 41015

MultiAxis Laser Processing System

Customized Systems for Custom Parts

High-force motion systems and low-mass processing heads for rapid production laser processing.

Weld, cut, or drill steel, aluminum, and highly reflective materials. Easy production implementation with single point service & support.

FLW Wobble Head
with Optional Seam Tracking

Now Available with Game Changing Laser Technology

Providing a simple & elegant solution to common welding challenges:

- Dissimilar metals having different melting points
- Badly fitting parts with variable gaps or seam positions
- Metals prone to pore formation or thermal cracking
- Reflective metals prone to splattering of molten metal

Live Demos at IPG’s FABTECH Booth # N511

Four Wobble Patterns Available: Figure 8, Infinity, Linear, Circular

Brush Research Manufacturing now offers a new line of specialty Flex-Hones that blend and radius sharp edges and remove microburrs on chamfered holes eliminating stress risers caused by the chamfering operation. Standard Flex-Hone tools are effective on the interior corners (the intersection of the chamfer & the hole wall). Our new series of tools are more flexible and designed to polish and radius the outer corners (the intersection of the chamfer and flange face), as well as the inner corners and hole.

Select-Arc Inc. unveiled an all-position, flux cored, gas-shielded electrode that is designed for welding high-strength, low alloy steels such as HY-80 and other similar metals. The new Select 550Ni, ideal for large structural fabrication, including lifting equipment, jack-up rigs, shipbuilding and other offshore applications, maintains a yield strength of 80ksi and impact toughness at temperatures down to minus 76 degrees Fahrenheit.

Dwight D. Eisenhower was presiding in the White House when an industrial chemist from Chicago named Norman Larsen developed WD-40 in 1953. Larsen decided to call his invention “WD-40” because it’s an abbreviation for water displacement and it took 40 chemistry experiments to perfect. More than six decades after Larsen unveiled WD-40, the product remains the most widely recognized penetrating oil and water-displacing spray on the market…

[continued on page 4]

Pearl Abrasive Co. unveiled its new SlimCut Plus Cut & Grind Combo wheels. The aluminum oxide thin cut-off wheels are designed for metal and stainless steel and ideal for cutting, notching, deburring and light grinding. SlimCut Combo wheels are also contamination-free.

The new demolition work gloves offer the perfect combination of durability and all-day comfort for users that require reliable protection when working with different jobsite materials. All key working areas of the gloves—fingertips, palms and thumbs—are reinforced with Armortex. A knuckle pad provides protection from scrapes and impact without limiting movement, and a terry cloth wipe on the backside provides a place to remove sweat from the face and brow.

Plasma torch heads with high pierce counts

ATTC’s PHDX and PHD series of plasma torches offer solutions for automated plasma-cutting systems up to 400 amps. The PHD line of torches and consumables provide clean cut profiles and high pierce counts. Design reduces consumable changeouts. Unintended bevel is less than 2 degrees. Cut surfaces are ready to weld or paint with minimal cleanup, resulting in superior quality and lower costs.

Four Important Reasons To Visit Booth #N5922

1. **Our Upper Electrode Feeder Reduces Cycle Times. See a Live Demo!**
   - Simultaneous workpiece movement and nut feeding.
   - Accurate and secure nut positioning.
   - For 6, 8 and 10 millimeter square nuts.
   - Faster speed rate.

2. **Minimize Heat Transfer & Distortion With Breakthrough Flexwave Technology. See a Live Demo!**
   - Direct configuration of weld current values makes it easy to fine-tune weld quality.
   - Provides energy savings and shortens cycle times.
   - High current in short bursts optimizes weld nugget quality, minimizing heat transfer and workpiece distortion.

3. **Check Out Our Newest & Most Compact Capacitor Discharge Welder Yet**
   - Selectable current modes let you fine-tune weld quality.
   - Weld current as high as 50kA, requires only a small 6kVA supply.
   - High current in short bursts allows minimum heat transfer and workpiece distortion.
   - Smaller footprint. Cost-efficient compact design.
   - Ideal for welding small projection parts on high-strength steel.

4. **Breaking News! Plans to Showcase More New Products at Fabtech Now In Place—Make Sure Dengensha Is On Your Must Visit List**
   - Check out our new 50kA high current and high force reduction gear gun with a Fanuc robot—specifically designed for aluminum welding applications!
   - See our new variable mode control (VMC) timer with robotic integrated control via Ethernet IP.

Call: 440-439-8081 • Ask for Steve Andrassy • Web: dengensha.com
### Metals Supplied - Bronze/Bronze Alloys
- ABC Metals Inc
- E Jordan Brookes Co
- Eagle Metals
- Newland (Tianjin) Welding Wire and Metal Products Co Ltd
- SelfLube
- Southern Copper & Supply

### Metals Supplied - Clad Metal
- Almetals Company
- E Jordan Brookes Co
- Vincent Clad Metals Corporation
- E Jordan Brookes Co

AMAZING ILLUSORY “X-RAY” SPECS FOR METALS INSTANTLY!

QC’s new best friend, Watson™ - the first metal analyzer under $10k for positive material identification (PMI)

Powered by breakthrough Tribo-electric® technology, and featuring the world’s first field-exchangeable X-ray source - Watson™ works just like an inkjet, making customer downtime a thing of the past!

- No downtime with first ever field exchangeable X-ray source.
- Easy cloud based reporting for compliance and more creates custom reports in seconds.
- At $9,999, Tribo-electric technology enables a 200 percent improvement in cost of ownership.
- Expansive metal alloy library of more than 423 alloys across 23 elements.
- First class global service, sales and support in partnership with Nikon.
- Made in America.

Visit us at the FABTECH Expo Booth C50078 and enter your card to win a new iPad.

TWO IN ONE
DRILL + MITER SAW ALL PROFILES IN ONE MACHINE

VISIT BOOTH #C37069 AT FABTECH
WWW.PEDDINGHAUS.COM/FABTECH16

Another industry-first from Peddinghaus, the Peddi XDM-630 multi-spindle drill/saw combines carbide drilling, miter sawing, 4-axis scribing, tapping, countersinking and milling (slot and cope) in one machine. No operator intervention necessary to continually process 24/600 mm parts on this productive, yet space-saving innovation. Utilizing ultra-modern “PeddiMatic” technology, the operator can monitor functions for loading, processing, offloading, trim cut and part removal.

Serving the metalworking industry for over 200 years, PFERD manufactures and distributes a comprehensive range of abrasives, brushes and power tools that generate more precise, easier and faster results. Stop by our booth to talk with PFERD experts who can solve your most challenging application problems and show you how to increase productivity and efficiency.

I trust blue.

WE’VE TAKEN SOME OF THE WORK OUT OF METALWORKING.

Whether you’re replacing capital equipment or purchasing consumables, finding and qualifying new suppliers adds to the workload of an already busy shop owner or production manager. Sorting through the thousands of companies that provide products to the metalworking industry can be both time-consuming and frustrating. But that’s about to change!

U.S. Metalworking Sourcebook is a powerful, easy-to-use online resource that brings buyers and sellers together.

The Sourcebook is a robust search tool already seen by over 280,000 job shop and OEM buyers of all levels throughout the U.S., Canada and Mexico. It was developed by Techgen Media Group, publishers of FAB Shop Magazine Direct, Shop Floor Lasers and Welding Productivity. We know metalworking, and we know how to help you find the suppliers that best match your needs, and with only a few keystrokes.

Log on to USMetalworkingSourcebook.com today to activate your listing. More than 3,000 companies are already included.

**POWERBALL**
HIGH PERFORMANCE MIG WELDING GUNS
- Maximum conductivity with superior cooling
- Long-life, energy efficient PowerBall® consumables reduce operation costs
- Rounded tip & reduced heat prevents spatter build-up and burn backs
- Durable ergonomic handle with comfort grip and adjustable trigger pull
- High performance semi-automatie & robotic torches available

The only true cloud ERP for fabricators.
The Plex Manufacturing Cloud.

VISIT PLEX AT FABTECH 2016 | NOVEMBER 16-18 | LAS VEGAS CONVENTION CENTER | BOOTH #15035-C

More than 450 forward-thinking manufacturers rely on the Plex Manufacturing Cloud for end-to-end ERP, MES, and supply chain planning.

Watch a demo, speak with one of our helpful representatives, and attend our exclusive speaking engagement:

**Advanced Manufacturing: Creating Competitive Advantages for Product Development**
Thursday, 11/17 – 12:30 to 1:30pm
The FABTECH Theater, Central Hall Lobby

Find out more: [PLEX.COM](http://PLEX.COM)

“Our overall productivity has increased, and we are beating the Precision Metalforming Association index in every single category.”

Steve Spanjers, Director of Engineering
Marwood Metal Fabrication
Maximize Your Efficiency with Moeller’s Exclusive Products & Services

Visit Booth #C17084 • www.moellerprecisiontool.com
The next generation: Premium bevel heads

Discover the fastest, cheapest and easiest way to bevel and round a wide range of metals with the revolutionary Bevel Mite® and Bevel Mate®

www.beveltools.com

For live demonstrations come visit booth N1811 at FABTECH 2016

Sundisc abrasives USA

More diversity, more solutions, more flexibility.
Experience High Performance Innovation at Booth C35069

Innovation is the driver of high performance manufacturing and the key to competitive differentiation. Innovation is at the core of all Bystronic solutions.

Introducing the new ByStar Fiber – The future of high performance laser cutting

ByStar Fiber has been designed from the ground up to meet the speed and acceleration demands from high power fiber lasers. See for yourself why the new Bystar Fiber is unrivaled for speed!

10kW Fiber Laser!

Designed for Fiber. Unrivaled for Speed.

Bystronic... Your single source solutions partner
