

EXHIBITOR PRE-SHOW EXPOSURE IN AMERICA'S TOP WELDING MAGAZINE

Introduce the products or services you will be exhibiting at FABTECH to nearly **65,000** industrial professionals in the *Welding Journal* August 2023 FABTECH Preview issue. The *Welding Journal* provides complete exhibitor details, booth by booth and/or product by product, and is the FABTECH preview guide most welding industry decision makers use to plan their show buying activities.

Space for the AWS *Welding Journal* FABTECH preview August issue closes **July 1, 2023**. Call or email now to reserve your premium position.

The award-winning *Welding Journal* is the official publication of the American Welding Society and provides current news, features, research reports, practical data, and advertisements from industry leaders around the world.

Please contact your advertising sales representatives for further information.
