Best choice.

Experience the Bystronic Difference

Realize greater profits and earnings potential with innovative machines and supporting software technologies that together create a seamless and leading-edge file-to-finished-part process.

Experience high-performance sheet metal processing with the automation-ready BySmart Fiber 10kW and Xpert 80 mobile press brake.

Visit us at Booth 7000.

Experience the Bystronic difference with world-class cutting, bending, automation, and software solutions with exceptional customer support.

Bystronic: Best choice.
Bystronic Canada Ltd. | bystronic.ca
**FABTECH Canada** provides a unique platform for hundreds of suppliers and thousands of customers dedicated to advancing the metal forming, fabricating, welding and finishing industries to come together under one roof and learn about new products and solutions, attend education sessions and network with industry peers.

### On-site Registration

On-site registration is located in the Pavilion inside Exhibit Hall D and in the Mirvish Lobby. Anyone who will be attending the exposition MUST register to receive a badge. Admission to the exposition is free for SME, FMA, AWS, PMA and CCAI members and $50 for non-members. No one under the age of 16 will be admitted and proof of age may be required.

### Registration Hours

- **Monday, June 13** .................................................. 10:00 AM - 5:00 PM  
- **Tuesday, June 14** ...................................................... 7:30 AM - 4:00 PM  
- **Wednesday, June 15** ............................................... 7:30 AM - 5:00 PM  
- **Thursday, June 16** ................................................... 8:00 AM - 2:00 PM

### Show Location

Toronto Congress Centre | South Building  
650 Dixon Road | Toronto, ON M9W 1J1

### Show Hours

- **Tuesday, June 14** ...................................................... 10:00 AM - 5:00 PM  
- **Wednesday, June 15** ............................................... 10:00 AM - 6:00 PM  
- **Thursday, June 16** ................................................... 10:00 AM - 4:00 PM

### About the Event Partners

The FABTECH Canada Event Partners include five leading industry associations; SME, the Fabricators and Manufacturers Association, International (FMA), the American Welding Society (AWS), the Precision Metalforming Associations (PMA), and the Chemical Coaters Association International (CCAI).

Membership information can be obtained in the booth of the association or by contacting the association directly.

### Association Contact Information

| SME | Fabricators & Manufacturers Association, International  
| FMA | American Welding Society (aws.org)  
| AWS | Precision Metalforming Association (pma.org)  
| PMA | Chemical Coaters Association International (ccaiweb.com)  

### Thank You to Our Platinum Sponsors

[Image of sponsors]
**ATMs**
There is an ATM located in the lobby of the South Building. There is also one located in the variety store beside Harvey’s restaurant in the plaza out front of the South Building.

**Badge Corrections**
Anyone who will need changes to an exposition or conference badge can go to registration located in the Pavilion inside Exhibit Hall D and in the Mirvish lobby.

**Badge Pick Up**
Pre-registered attendees can pick up their show badge at an ALREADY REGISTERED counter in the Registration Area located in the Pavilion inside Exhibit Hall D and in the Mirvish Lobby.

**Baggage Check/Coat Check**
Located in the East Wing Lobby.

**First Aid**
Located in the West Side Main Lobby.

**Conference Headquarters/Speaker Lounge**
The Conference Headquarters/Speaker Lounge is located in room Safdie.

**Hours of operation:**
- Tuesday, June 14: 7:30 AM – 5:00 PM
- Wednesday, June 15: 7:30 AM – 5:00 PM
- Thursday, June 16: 7:30 AM – 2:00 PM

**Media Centre**
The Media Centre is located in room Pinsent 1.

**Hours of operation:**
- Tuesday, June 14: 10:00 AM – 5:00 PM
- Wednesday, June 15: 10:00 AM – 6:00 PM
- Thursday, June 16: 9:00 AM – 3:00 PM

**Show Management Office**
The Show Management Office is located in room Pinsent 1.

**Hours of operation:**
- Tuesday, June 14: 8:00 AM – 5:00 PM
- Wednesday, June 15: 8:00 AM – 6:00 PM
- Thursday, June 16: 8:00 AM – 3:00 PM

**VIP Lounge**
The VIP Lounge located in room Waxman is open during show hours to those individuals that have VIP status indicated on their badge.

**Parking**
Parking is currently free of charge. TCC reserves the right to change this policy, without notice, and charge for parking.

**GO Transit**
GO provides bus service to the Toronto Congress Centre via the Brampton bus service. Please call 1 888 GET ON GO for information or visit gotransit.com for schedules.
Bottleneck?

Is lack of manpower and technology causing a bottleneck in your workflow? The ASTES HS Skyway is a fully automated solution with the fastest cutting, sorting, and stacking while maintaining accuracy throughout the entire process.

NEW!

Patented, integrated tool changer head with 6 tools. Out of Center Tools for heavy parts with an odd center of mass. High precision even at high speeds!

ASTES4®

For an in-person or virtual demo, visit mcmachinery.com or call 630-616-5920.

VISIT US AT FABTECH CANADA BOOTH #4018
TUESDAY, JUNE 14

KEYNOTE PRESENTATION
11:00 AM – 12:00 PM
Advanced Manufacturing: Canada’s Competitive Advantage
Speaker: Dr. Jayson Myers, CEO of NGen

“With all challenges come opportunities,” Dr. Myers said, “and it’s now time to rethink our business practices.” Dr. Myers will address in his keynote the changes occurring to the manufacturing industry and the opportunities for manufacturers. Some of the discussion will address more automated and data-driven strategies, upskilling your labor shortages, and creating a leadership culture mindset that can make you an adopter of digital tools and advanced manufacturing technology to stay competitive in today’s market.

LEADERSHIP EXCHANGE PANEL
2:00 PM – 3:00 PM
The Digital Transformation and Canada’s Economic Strength
Regardless of the major challenges manufacturing businesses faced in 2021, due to the pandemic, experts expect that manufacturing will remain a significant and growing sector of the local economy. This flexibility has been supported, in part, by the digital technologies that have become more widespread, giving us new ways to shop, serve customers and work remotely. The pandemic has only accelerated the digital transformation that was already underway in Canada and globally. Advanced manufacturing is not just about new technology. It’s also about manufacturers introducing new technology to enhance, not replace traditional manufacturing. These expert leaders can share their insights to help further innovation, collaboration, and investment to remain competitive using advanced manufacturing as a strategy.

OPENING NIGHT RECEPTION
4:00 PM – 5:00 PM
Come together to celebrate the return and opening of FABTECH Canada 2022 with industry colleagues, complimentary hors d’oeuvres and drinks. Continue the day’s conversations with other attendees, speakers and exhibitors in a relaxed environment.

Admission is included with registration.

WEDNESDAY, JUNE 15

KEYNOTE PRESENTATION
11:00 AM – 12:00 PM
Heart of a Captain
Speaker: Doug Gilmour, Former Professional NHL Captain

Doug Gilmour could put a team on his back and rush it up the ice to turn the tide. Stanley Cup Champion. All Star. Team Canada superstar. Hall of Famer. Doug Gilmour did it all as Captain or Assistant Captain for seven NHL teams. He broke into the league in St. Louis. He won the Cup in Calgary. He stole hearts in Toronto. He was depended on as a leader in New Jersey, Chicago, Buffalo and Montreal. Doug will talk about leadership and teamwork, through his story.
WEDNESDAY, JUNE 15 continued

LEADERSHIP EXCHANGE PANEL
2:00 PM – 3:00 PM
Considerations to Streamline Your Cybersecurity Strategy
Cybersecurity is important because it protects all categories of data from theft and damage. Companies and organizations have been harmed by theft of intellectual property, trade secrets, and other highly valuable information by cybersecurity attacks. Learn how manufacturers can understand the cybersecurity risk in relation to your organization, integrate across personnel, technical security, information assurance and physical security, and establish protective monitoring to prevent and deter the ‘insider’ threat.

MODERATOR:
Jay Korpi
Principal Advisor, NextLink Labs

Leah Dodson
Cybersecurity Researcher, Piqued Solutions

Steve Mosley
VP of Sales, BitLyft
Cybersecurity

Jeremy Dodson
CISO, NextLink Labs

Josh Patton
Principal Architect – Governance and Security, Charter

SHOW FLOOR SPECIAL SPONSORED BY: ACCESS MACHINERY
4:30 PM - 6:00 PM
Network with your colleagues, meet new people, share ideas and solutions and create lasting connections with people from your industry all while enjoying complimentary drinks on the show floor. Meet/greet with welding influencer Stephanie Hoffman, one of the judges on the hit Netflix series Metal Shop Masters.

THURSDAY, JUNE 16

KEYNOTE PRESENTATION - SPONSORED BY: THE CWB GROUP
11:00 AM – 12:00 PM
Leadership Journey: People, Planning & Performance
Speaker: Sam Barrett, Vice President- Preconstruction, Walters Group
Having navigated a global pandemic our commitment to acting as a true partner and delivering an exceptional experience has never been more critical, so please join us as we demonstrate how combining people, planning & performance has helped our clients realize their vision.
We will provide a profile of the company as it grew from its roots to its current integrated network of companies. Showcasing some of the projects that we have completed, with a focus on those that provided some interesting challenges.

LEADERSHIP EXCHANGE PANEL - SPONSORED BY: THE CWB GROUP
2:00 PM – 3:00 PM
Changing the Gear Ratio: Women in the Automotive Industry
We will discuss the importance of engaging women into the trades to support the transforming dynamics of the developing automotive and manufacturing markets in North America. By looking at educators, entrepreneurs, welders, fabricators, and mentors from all sectors we will assess how we can increase the ratio of women to men in the workplace, some of the supports needed, and how to change the image of the trades as a “men only” forum.

Taylor Dittrich
Wire Products Research Engineer, Lincoln Electric Company

Stephanie Hoffman
Owner, Underground Metal Works

Nikki Noble
Coordinator and Professor of Welding, Lambton College

Leanne Jefferies
Vice President, Assured Performance Network/ Certified Collision Care

CWB Group

Supporting the Canadian welding industry for 75 years

The CWB Group prides itself on being innovative in our services and highly responsive to our clients’ needs. Offering services across industries spread worldwide; increasing quality and productivity, improving education and training, and securing public safety.

The CWB Group supports the Canadian welding industry through its service lines:

- **Certification** ensures that individuals involved in welding operations are adequately skilled and that those skills are maintained
- **Education** provides training courses and learning resources
- **Association** membership enhances the skills and knowledge of industry professionals
- **Registration** services help organizations improve performance and customer experience
- **Consulting** delivers solutions for improving welding performance
- **Welding Foundation** works with partners to support and sustain the need for skilled welding professionals

Find out how the CWB Group can help your organization grow.

cwbgroup.org | 1.800.844.6790
Abicor Binzel  
Booth 11036  
FreedomDrive™ Push-Pull System

The FreedomDrive™ push-pull system is designed to free the welder of the typical heavy, bulky handheld push-pull gun; giving the welder a more comfortable, reliable, and efficient way to weld in push-pull applications.

AMADA CANADA LTD  
Booth 6000  
ENSIS 3015 AJ 9kW Fiber Laser

AMADA’s high-power ENSIS Series was engineered to continuously process thin materials and thick plate without a cutting lens change or manual setup. The ENSIS is equipped with an innovative collimation system designed to increase productivity & quality.

HRB 8025 Press Brake

The HRB Series of press brakes leverages AMADA’s latest bending technology and a variety of production-enhancing features to provide an outstanding price/performance ratio.

BLM GROUP  
Booth 7018  
SMART - A compact, ultrafast tube bender

SMART, the all-electric tube bending machine provides speed, precision and reliability when processing tube with diameters up to 1 in. (28 mm). Its compact layout and integrated loading/unloading enable automated non-stop operations.

LT7 Lasertube - Unlimited Possibilities

Built using over 25 years of laser tube cutting development experience, the LT7 is designed to improve productivity and accuracy through innovations in tube management and handling.

ProBend - All-electric, direct-drive, press brake

ProBend E-Series: Fully-electric press brake for simple to complex sheet metal bending.

Bluco Corporation  
Booth 12009  
Turnkey Solutions from Bluco

Bluco is teaming up with ALM to demonstrate the integration of Modular Fixturing into positioners like ALM’s 8K HS/TS. Both booths will feature new modular positioning tech and customization options like this one, designed to make truck cabs.

Bunting-Newton  
Booth 2040  
MagSlide Conveyor

Bunting's MagSlide® magnetic chip conveyors are built to handle your toughest conveying jobs. Designed for the most punishing jobs, the unique magnetic conveying system.

BysTronic Canada Ltd  
Booth 7000  
BySmart Fiber Laser Cutting Machine

The Bystronic BySmart Fiber laser, now available with a 10kW power source and automation, combines high-value performance with an affordable price for high parts output and excellent cutting quality across thin to medium sheet metal thicknesses.

Brennan Machinery Inc  
Booth 8036  
TB60-TC Tube Bender

The Ercolina TB60-TC Tube Bender features 220V single phase so it can be used anywhere in your shop. The Bending Gear box is Inverter driven and the new easy to use touch screen programming stores unlimited programs.

BMP Metals  
Booth 1039  
BMP Metals Capabilities

BMP Metals has worked on a variety of projects in the past including, Military, Medical, Traffic Communications, Motion Seating, Monorail Bogies, and more.

ByBend Smart Press Brake

The new Bybend Smart from Bystronic offers innovative bending technology and numerous new functions at an affordable price.
Go to fabtechcanada.com for detailed exhibitor information.
**Heraeus Noblelight America**  
Booth 13009  
**Vulcan Catalytic Gas**  
**Catalytic Infrared Ovens**  
Gas catalytic ovens for liquid or powder coating on metal. Ideal for dry-off, booster, pre-heat, drying, gel and cure to increase productivity, reduce floor space and improve finishing quality.

**Vulcan Catalytic HE Gas Catalytic IR Panels**  
Gas catalytic IR High Efficiency (HE) panels from Heraeus Noblelight ensure lower gas costs. They heat up faster and have more responsive control. Gas catalytic HE panels are ideal for applications requiring greater heat.

**Hypertherm Inc**  
Booth 7050  
**Powermax SYNC**  
Hypertherm’s Powermax SYNC™ series is the next-generation, professional-grade plasma cutter. With built-in intelligence and a revolutionary single-piece cartridge consumable, Powermax SYNC dramatically simplifies system operation.

**ISB**  
Booth 1005  
**Merlin 4000**  
The MERLIN concept, learns each flange profile while making your initial sample part and automatically create a window the proper size required for each cycle.

**JJS**  
Booth 11033  
**siafix quick change system: 2511 siabite disc**  
Fastest stock removal  
- Long lifetime  
- Aggressive cut  
- Heat-reduced cutting  
Grit range 36; 50; 60; 80; 120

**Lincoln Electric**  
Booth 9009  
**Lincoln Electric® Cobot**  
The collaborative robot welding solution with simple programming. The Lincoln Electric Cobot system is built for the industrial space and has access to all of Lincoln Electric’s highest productivity weld programs allowing you to maximize productivity.

**HyperFill Twin-Wire MIG Solution**

**Mascoutech Inc**  
Booth 9050  
**ATA Tools**  
With over 50 years’ experience, ATA is a global leader in the provision of high-end industrial air tools and high-quality carbide burs. The range includes solutions for grinding and deburring on a wide range of materials.

**Masteel America Corp**  
Booth 2018  
**Masteel CNC Press Brakes + Shear + Ironworker**  
CNC Synchronized Hydraulic Press Brakes + a CNC Hydraulic Swing Beam Shear - all assembled in Canada with popular readily available North American electrical and hydraulic components - plus a 90 Ton Double Cylinder Hydraulic Ironworker.

**McWinn Brantford**  
Booth 12032  
**Filter Cleaning**  
Industrial Filter Cleaning & Filtration Equipment - Welding, Laser Cutting, Powder Booth, General Ventilation & more

**MetFab Equipment**  
Booth 8058  
**Press Brake Rebel Pro**  
The hydraulic Rebel Press Brake is an accurate and durable machine. The Rebel presss brake Pro features a CNC crowning system for improved quality and a servo driven backgauge system for increase speeds.
Booth 4018

The Mitsubishi GX-F Series

These fiber lasers deliver more power while using less nitrogen. They are easy to operate with intuitive, smartphone-like controls & faster, more stable processing that delivers consistent beam quality.

Diamond BB Series Electric Press Brake

Features an AC servo motor and ball screw mechanism for high-speed productivity and repeatability (+- 0.001mm). The BB Series is a reliable, cost-efficient solution for accurate repeat-bending work.

NS Maquinas
Booth 9057
ML 100

Xpipe Beveler
Compactible with B10 Electra, B15 Electra and B15 Air

Beveling tool for pipes from Ø 3.75" (95 mm) for B10 Electra, B15 Electra and B15 AIR bevellers.

Nordfab Ducting
Booth 4059
New Sealed Duct System Components from Nordfab

Nordfab Ducting is now offering an easier-to-install and better sealing gasket as part of its QFS sealed duct system used for oil mists, cutting fluids, vapors, and other wet contaminants collection.

OMAX Corp
Booth 7050
MAXIEM 1530 JetMachining Center

The MAXIEM 1530 by OMAX Corporation cuts virtually any material quickly and efficiently while the extensive range of accessories customizes its cutting capabilities to meet the needs of any industry.

RoboVent
Booth 11037
Senturion

Senturion is the most flexible and versatile industrial dust collector on the market today.

Solidxperience
Booth 2058
Markforged MarkTwo
Flagship Continuous Fiber Composite 3D Printer, built to revolutionize your manufacturing operation.

SYSPRO Canada
Booth 2034
SYSPRO ERP
Capabilities include:

i. Order, Inventory, & Warehouse management
ii. Planning & Scheduling
iii. Supply Chain management
iv. Production & Operations management
v. Finance & Purchase management
vi. Traceability management

Go to fabtechcanada.com for detailed exhibitor information.
**Tiger Vac International Inc**  
Booth 11043  
**50 Gallon Sump Cleaner & Fluid Recycling System**

Heavy-duty industrial wet/dry Sump Cleaning & Fluid Recycling System can clean virtually any machine tool sump, tank, or pit.

**TOC Supplies**  
Booth 12035  
**Vyper Chair Low Pro**

The Vyper Chair Low Pro is the ultimate workhorse for the everyday garage. Includes detachable seat, narrow base, wide seat, roll-over caster and plenty of storage.

**Translas North America**  
Booth 12019  
**Translas 8XE MINI 200 AMP Fume Extractor Gun**

We are further expanding our MIG Extraction product line. We are happy to announce the release of the lightest extraction fume gun in the welding industry, The 8XE MINI 200 Extractor, available to see and try at FABTECH Canada.

**TXM Lean Solutions North America Ltd**  
Booth 3056  
**Lean Facility Layout**

Moving to a new warehouse, factory or upgrading an existing facility? It is a huge investment for your business. So how do you get the most out of your new facility?

Getting the plant layout right at the start can save you a lot of time and money.

**TRUMPF Inc**  
Booth 4000  
**TruArc Weld 1000**

The TruArc Weld 1000, TRUMPF’s automated arc welding system, makes it easy for fabricators to get started in automated welding and is the perfect solution for affordable high-mix, low-volume production.

**VaporTech**  
Booth 13006  
**VT-1500I Hybrid PVD Coating System**

The VT-1500I™ PVD coating system provides high throughput but in a compact footprint. This system includes both cathodic arc and optional magnetron sputtering technologies in the same machine – up to 3 PVD sources.

**Wikus Canada Ltd**  
Booth 2057  
**Marathon M42**

The MARATHON® M42 is the ultimate economic band saw blade and stands for a broad application spectrum at a consistently high quality.

**Yaskawa Canada Inc**  
Booth 10029  
**ArcWorld HS**

The new ArcWorld HS is a highly flexible, compact and cost-effective option for integrating robotics into current weld processes. This solution is ideal for replacing or supplementing manual welding.
LIMITLESS FABRICATING POSSIBILITIES

Whether you’re fabricating structures for the automotive, aerospace, furniture, appliance, HVAC or construction industries, BLM GROUP can provide a solution to fit your needs. Our state-of-the-art machines and software can help make your production simpler and more effective.

Exhibitor List as of May 7, 2022. Visit fabtechcanada.com for the most up-to-date list of exhibitors.
Bruderer Machinery
Booth 1030
ph: 201-941-2121 | brudereramericas.com
Business Services, Coil Processing, Inspection & Testing, Lubrication, Other Machinery/Equipment/Parts/Products, Punching, Resistance Welding, Stamping

Buffalo Shrink Wrap
Booth 10005
ph: 800-792-8819 | buffaloshrinkwrap.com
Coil Processing, Finishing, Material Handling/Marking

Bunting-Newton
Booth 2040
ph: 316-284-2020 | buntingmagnetics.com
Material Handling/Marking

Butatek Presses and Automation Inc
Booth 5075
ph: 647-674-2658 | butatek.com
Presses - Deep Drawing, Presses - Dishing, Presses - Hot Stamping, Presses - Hydraulic (Servo-Drive), Presses - Mechanical (Servo-Drive)

Bystronic Canada Ltd
Booth 7000
ph: 905-820-2999 | bystronic.ca
Lasers, Material Handling/Marking, Plate & Structural Fabricating, Press Brakes, Software & Machine Controls, Tube & Pipe Fabricating or Welding

CAG TECHNOLOGIES
Booth 8072
ph: 905-820-3348 | cagcooling.com
Arc Welding, Cutting, Lasers, Machining/EDM, Other Machinery/Equipment/Parts/Products, Plate & Structural Fabricating, Resistance Welding, Robotics, Welding Machines/Equipment

Cambrio
Booth 1001
ph: 513-674-0005 | cambrio.com
Software & Machine Controls

Canada Welding Supply
Booth 12023
ph: 888-817-3344 | canadaweldingsupply.ca
Arc Welding, Welding Consumables, Welding Machines/Equipment

Canaweld Inc
Booth 9041
ph: 416-548-5650 | canaweld.com
Arc Welding, Welding Machines/Equipment

Caplug
Booth 13011
ph: 905-791-1303 | caplug.com
Finishing, Safety & Environmental

Carbon60
Booth 3058
ph: 905-836-8649 | carbon60.com

CFCM Canadian Finishing & Coatings Magazine
Booth 13007
ph: 705-527-7666 | cfcm.ca
Business Services

ClearSource
Booth 9036
ph: 587-966-2161 | clearsource.ca
Arc Welding, Safety & Environmental, Software & Machine Controls, Welding Consumables

Costa Sanders
Booth 1031
ph: 336-434-6644 | costasanders.com
Finishing

Creaform
Booth 1025
ph: 418-833-4446 | creaform3d.com
Business Services, Inspection & Testing, Software & Machine Controls

CWE Association Podcast
Booth 12034
ph: 902-435-1114 | cwbgroup.org

CWB Group
Booth 12042
ph: 800-844-6790 | cwbgroup.org
Business Services

CWB Welding Foundation
Booth 12040
ph: 800-844-6790 | cwbweldingfoundation.org
Business Services

Davis Stud Welding
Booth 12022
ph: 705-720-2977 | davisstudwelding.com
Arc Welding, Fastening & Joining, Maintenance & Repair, Robotics, Stud Welding, Welding Consumables, Welding Machines/Equipment

Decide4Action
Booth 2004
ph: 418-659-2517 | decide4action.com

Diversitech
Booth 9032
ph: 514-631-7300 | diversitech.ca
Safety & Environmental

Dudek & Bock
Booth 1051
ph: 773-379-4100
Technologies

Ehrt North America
Booth 1009
ph: 717-541-1633 | ehrtnorthamerica.com

Electromate Inc
Booth 13018
ph: 905-850-7447 | electromate.com
Robotics

EMJ Metals Canada
Booth 1035
ph: 416-881-6061 | emjmetals.ca
Cutting, Metal Suppliers

Empire Machinery & Tools
Booth 4050
ph: 204-779-7791 | empire-machinery.com
Bending/Forming, Cutting, Finishing, Lasers, Other Machinery/Equipment/Parts/Products, Plate & Structural Fabricating, Press Brakes, Saws & Cut-off Machines, Tooling

Epicor/Six S Partners
Booth 2054
ph: 866-579-7497 | sixspartners.com
Software & Machine Controls

Epilog Laser
Booth 1010
ph: 303-277-1188 | epiloglaser.com
Lasers, Material Handling/Marking

EPSI Engineered Products and Services Inc
Booth 14008
ph: 866-275-3774 | epsi.com

YOUR TOTAL CUTTING SOLUTION.
Precision Cutting Machines.

Process
- Plasma, Oxyfuel, Laser Cutting
- Bevel Cutting
- Drilling, Milling, Marking

Material Handling
- Pass through Shuttle Tables
- Plate Smart
- Sheet Smart
- The Slagger®
- Storage Towers

Software
- OmniWin
- OmniBevel
- OmniFab
- IoT Machine Insight

After Sales Support
- Maintenance
- Parts
- Retrofits
- Applications
- Training

= New Product
The demands of manufacturing are greater than ever. From delivering innovative solutions and addressing worker shortage workarounds to efficient response – to today and tomorrow’s fabrication and processing needs. Talk with our experts about fabrication tooling, part manipulation and robotic or laser welding. Consider small and mobile cobots (collaborative robots) which offer robotic precision and consistency with greater flexibility and portability than fixed robotic cells – while addressing worker shortages. Or, take your high deposition welding to the next level with Hyperfill® twin-wire MIG solution resulting in bigger welds, faster and easier. Whatever your needs, we have complete welding solutions.

Find out what will be showcased at Fabtech Canada: [www.lincolnelectric.com/Fabtech-Canada-2022](http://www.lincolnelectric.com/Fabtech-Canada-2022)
**MITSUBISHI LASER**

- Mitsubishi Laser, Press Brake & Automation - MC Machinery Systems, Inc
  - Booth 4018
  - ph: 630-616-5920 | mcmachinery.com
  - Business Services, Cutting, Lasers, Machining/EDM, Maintenance & Repair, Other Machinery/Equipment/Parts/Products, Press Brakes, Tool & Die

**Modula Inc**

- Booth 4040
- ph: 207-440-3161 | modula.us
- Business Services, Cutting, Lasers, Machining/EDM, Maintenance & Repair, Other Machinery/Equipment/Parts/Products, Press Brakes, Tool & Die

FABTECH Canada Siegmund Special
System 16 Welding Table 1500 x 1000 mm incl. Accessory-Set with 60 pieces
8,250.00 CAD
Instead of 9,626.00 CAD | Limited Qty Available | Stocked in Canada

系统16焊接工作台 1500 x 1000 mm 内含配件套件，含60件
8,250.00 CAD
而非9,626.00 CAD | 限售数量 | 加拿大库存

Where Innovation Meets Opportunities.

North America’s Largest Metal Forming, Fabricating, Welding and Finishing Event

Discover innovative solutions, gain insights on opportunities and trends transforming the industry, and make connections that count. From interactive demos on the show floor to impromptu conversations with colleagues, there’s nothing quite like the FABTECH experience.

REGISTER TODAY at fabtechexpo.com

NOVEMBER 8-10, 2022
ATLANTA, GA
GEORGIA WORLD CONGRESS CENTER
Your challenges, our solutions.

Visit TRUMPF at FABTECH Canada

Fabricators today are facing more challenges than ever. Lower order quantities, shorter lead times, higher material costs and a shortage of skilled labor combine to make your challenges seem overwhelming. TRUMPF understands those challenges and provides innovative and productive solutions for the entire spectrum of sheet metal fabricators. Whether your needs are stand-alone machines or smart factory solutions of any scale, TRUMPF has the machines, software, experience and manpower to determine, produce and support the best solution to fit your needs. We invite you to visit FABTECH Canada booth 3001 to see a sampling of our products, speak with our experts and develop a roadmap to solving your challenges today.
